

Harvard Aug 12th.
1867.

Dear Sir,

Having heard that
you intended having boarders
through the summer, and
possibly might take them
for the winter, I write at
this time. — Miss Price
and myself are now at
Harvard, ~~at~~ in a family
for the sixth summer;
shall leave middle of Oct.
previous to which, we wish
to engage board from that
time, to the following June.

As our interests are centered
in Chingham, should prefer

remaining there; also prefer
a home in a private family
to the Hotel.

We should require ~~2~~
one large chamber, should
like the front one, also for
you to furnish ^{it} and
findings
fuel & lights.

Please to write me on
receiving this. And oblige

Yours truly,

Julia Crane.

P.S. I omitted
to mention your
terms, which you will
of course name -

Please direct to
